They’re tracking your movements
and your religious views
Your political party
and your source of news
They’re tracking your movements
and your religious views
Your political party
and your source of news
But they don’t listen to content
That’s what they say
They’re tracking your movements
and your religious views
Your political party
and your source of news
But they don’t listen to content
That’s what they say
Unless you’re of interest
to the USA
They put the content in **Bluffdale** on a gigantic disk and run a big program to see if you’re a risk.

It’s time for a drone strike in California to wipe out some critics of the NSA.

It’s time for a **drone strike** in Californ-i-a to wipe out some critics of the NSA.
